Motion Source—Stopped

The ability to cause motion is dependent, whether the individual realizes it or not, upon the ability to conceive space. Creation of space is the first requisite for the creation of motion.

When one can no longer create space and cannot conceive any space to be his own, he can be considered to be stopped.

That individual who is tremendously concerned with being stopped is losing his ability to create space. When he is no longer able to create space, he is himself MEST.

Somebody once said that it was a poor man who was not king in some corner. One might add to this that one is not only poor but he does not exist when he cannot create a corner. One could obtain a very amusing viewpoint of this by watching the conduct of a dog who, theta-motivated like every life form, is bravest in his own front yard; and even a mastiff proceeds with some caution when in the front yard of a Pekinese. This is a case of ownership of space and, in some slight degree, the ability to create a space to own.

One processes this by moving mock-ups into an auto created space.
