

## Incident 2

75,000,000 years ago on this planet. Sometimes capture was on another planet and explosion on this planet, then called Teegeeack. Locate area of explosion.

*Pictures* of explosion follow.  
Get original explosion.  
Effort to stop usually present.

.

H-bomb dropped on volcano  
Explosion  
Terrific winds  
Thetan carried over peak  
Electronic ribbon came up  
He stuck to it

It was then pulled down and he was (as part of a group) implanted with R6.

Picture of pilot saying he is mocking it up

.

(R6 materials follow, then days of pictures, God, Devil, etc.)

(Thetan usually cognites on pilot or before (or on first incident) and leaves.)

### **OT Section III**

#### **List of Volcanoes**

There were two zones of assembly after the thetan was implanted. Thetans of volcanos in Asia and the Pacific were then taken to Hawaii. Thetans of Atlantic areas were taken to Las Palmas.
