

include in all original III Packets. 20 Apr 68
IMPORTANT NOTE SECT III
III Completion

It does not matter whether or
not you run Inc 1 & 2 on
self.

THE END PHENOMENA OF
III IS GETTING RID OF
ALL BODY THEFTS. This
does not necessarily include
self.

If you overrun III I will be
by trying to get rid of more
body O's than there were or
by then, ^{having gotten} ~~getting~~ rid of the
others, starting in on self.

So III is complete for
purposes of overrun as above.

If you have not done Inc 1
& 2 on self when above is
achieved, detect completion
and then do 1 & 2 on self. *FF*
